Re: Norfolk Southern's Resurrected Contaminated Water Plan for Baltimore

Dear Administrator Regan:

It has come to my attention, by way of another late Friday afternoon notification, that Norfolk Southern Railway Corporation has again decided to bring contaminated water from Ohio to Baltimore with the approval of the Environmental Protection Agency. I am adamantly opposed to that decision and stand firm against it.

I urge the EPA to rescind its approval of the Norfolk Southern plan and welcome a call from you at your convenience to lay out more plainly my opposition to the resurrected idea.

I would appreciate your immediate response to this matter.

Sincerely,

Kweisi Mfume
